## Animals Moved In and Out of the State of Florida

These final 4 questions are a SUBSET of your transfers in and transfers out groups---these are ONLY coming in to your organization through other shelters or rescues that are located outside the state of Florida or leaving your shelter to go to another shelter or rescue outside the state of Florida. These are NOT usually the same as your total transfers in and transfers out numbers (which often include in-state transfers).

**How many DOGS did your organization RECEIVE (transfer in) from other organizations (shelters/rescues) OUTSIDE the state of Florida in 2021?**

**(We call these imports; a subset of animals transferred in that come from organizations out of Florida)**

**How many CATS did your organization RECEIVE (transfer in) from other organizations (shelters/rescues) OUTSIDE the state of Florida in 2021?**

**(We call these imports; a subset of animals transferred in that come from organizations out of Florida)**

---

**How many DOGS did your organization SEND (transfer out) to other organizations (shelters/rescues) outside the state of Florida in 2021?**

**(We call these exports; a subset of animals transferred out that go to organizations outside of Florida)**
